Joe has been an asset to the FM department and he will be greatly missed. Good luck on your next adventure and enjoy your retirement, Joe!

Reflecting on his time in Facilities Management, Joe noted, “I am blessed to have worked in FM the past 16 years with such a great bunch of people. I was also glad to see how quickly the team has grown and the progress we have made towards our unified goal.”

This initiative was born out of the need to mitigate the impact of unforeseen power disruptions on critical quality healthcare to our community. In preparation for this event, the Department of Technology Services, UNM’s IT and Facilities Management Engineering took proactive steps to address this vulnerability.

In an effort to provide a better representation of FM stands for, “Thank you for all you do every day Rich and Nick!”

A huge Kudos goes out to Rich Schorr and Nick Royle who are both so committed and focused this time of year with all the activities on campus. Senior Associate Director, Rick Henrard, shared, “I am amazed at the level of volunteerism and effort that goes into planning these events, and I am so grateful for everyone’s hard work.”

Senior Associate Director of Facilities Management, Rich Schorr, and Associate Director of Facilities Management, Nick Royle, have worked tirelessly to ensure that these events are a success. Their hard work has not gone unnoticed, and they are both recognized for their contributions.
