They are a true friend of the University of New Mexico. The faculty member I referred to earlier, Dr. Molly Zuckerman-Hartung, the 2024 Frederick Hammersley Visiting Artist at the UNM Department of Art, is a prime example of a true friend of the University of New Mexico. She has been a dedicated and active member of the UNM Department of Art community for over a decade, serving as a mentor, advisor, and advocate for student artists. Her contributions to the UNM Department of Art community have been immeasurable, and her legacy will be felt for years to come.
